West Deerfield Community Alliance discusses sound wall

The Florida Turnpike sound wall was a major topic of discussion at the West Deerfield Community Alliance meeting held at the Broward Sheriff's Office (BSO) substation, Sept. 30.

The Turnpike Authority is having a public hearing on Oct. 29 at 5:30 p.m. at the Embassy Suites Boca Raton on this issue. During this meeting, officials from the Authority will release the results

of its noise study to determine if the Deerfield Beach area is eligible for a sound wall when the Turnpike is widened. This would probably not occur until 2015, according to Todd Drosky, a leader of the West Deerfield Community Alliance.

“The Turnpike Authority will only install a sound wall in connection with a widening project,” said Drosky. “I think it is important for the

residents of West Deerfield Beach to attend the meeting on Oct. 29 to make it known that we want a sound wall installed. We want to know if the sound wall study indicates we are eligible for one.”

Drosky said that even if the study indicates West Deerfield is not eligible, he wants the Turnpike Authority to know that residents still want one to protect their quality of life. “I encourage residents

not to become complacent. Even if people don't see widening taking place now, they should realize that now is the time to voice their opinions on the sound wall. If you wait until construction, it is too late.”

The Embassy Suites Boca Raton is at 661 NW 53 St., Boca Raton, FL 33487 (561-994-8200).
