Dear Deerfield Beach Resident/Business,

The City of Deerfield Beach City Commission is committed to continue working in partnership with our residents and businesses to make the City of Deerfield Beach a great place to work, live and play.

It is with pleasure and excitement that we are announcing a new recycling partnership program that will be available to Deerfield Beach residents and businesses in the very near future.

Each residence that currently receives City curbside recycling service will be receiving a new wheeled recycling cart. The cart will replace the yellow and blue bins currently used for curbside recycling collections and aimed at promoting recycling in the City. In addition to the new cart, residents will soon be able to earn points that can be redeemed for rewards to be used at local businesses. By rewarding residents who recycle, we are providing a program that supports our local economy, enhances the environment and gives families rewards to redeem at local businesses. Residents can sign up today for Recycling Perks for free at www.recyclingperks.com.

Businesses in the City of Deerfield Beach that choose to participate in the program by offering reward coupons to Deerfield Beach residents will benefit by increased traffic to their establishments. The businesses that have a commercial recycling account serviced by the City will receive additional benefits and special designation recognizing them for their green efforts.

Increased recycling will divert additional waste from incinerators and landfills resulting in less waste and more savings, which will allow the City to offer additional beneficial programs to our residents and businesses.

This program is truly a partnership between the City, our residents and our businesses, and we look forward to working together as a community to live more sustainably and to take another step in reaching our goal of becoming a greener city.

Beginning October 2012, over 16,000 residents of Deerfield Beach will have an opportunity to earn points each time they recycle. Supporting this program will benefit the City, residents and businesses for years to come.

Over the next few weeks you will be receiving more information regarding this exciting new program. Details about the program can be found at the City's website www.deerfield-beach.com by following the prompts for the "All in" recycling program. Information is also available by contacting the City's Recycling Division at: 954-480-4454 or via email to web.solidwaste@deerfield-beach.com.

For additional information on your business becoming a rewards partner please contact Recycling Perks at info@recyclingperks.com.

Thank you for your participation!
