

NOTIFICATION

Department of Environmental Services

TO: Deerfield Beach Residents
FROM: Charles DaBrusco, Director of Environmental Services
DATE: December 11, 2012
SUBJECT: Public Street Resurfacing Project

This notice is to inform you of the upcoming Public Street Resurfacing Project that is scheduled to begin on December 13, 2012, in your neighborhood. Prior to any work, the City will videotape all existing driveways on public streets in an effort to document existing conditions. Driveway access will be briefly interrupted during the resurfacing operations; however, barring any unforeseen circumstances, all driveway access points will be restored at the end of each work day.

We anticipate that the work will take approximately two months to complete the entire project and request your cooperation and patience during this time.

The City requests that you do not park in the street during this time.

If you have any questions or concerns about this project please call the Engineering Division at 954-770-4246.

Charles DaBrusco, P.E.
Director of Environmental Services
