**New Recycling Program: Information Presented by John Biedenbarn and Chad Grecsek:**

The new recycling containers (similar to the existing garbage containers) were unveiled. The standard size container is 65 gallons and will be distributed to most of Deerfield Beach. Some neighborhoods have been identified to receive smaller 32 gallon containers. Distribution will begin later in September. A recycling brochure indicating the materials that can be recycled was handed out along with information on the new Perks Program. Residents will be able to accumulate "points" for the amount they recycle. In exchange, residents will be able to redeem those points for coupons to local businesses. You can create your Recycling Perks account now even though the containers have not been distributed.

**NEXT MEETING: WEDNESDAY, SEPTEMBER 26, 2012 WILL BE HELD AT THE BSO SUBSTATION ON POWERLINE ROAD.**

**Adjournment:** The meeting was adjourned at 8:20 p.m.

Respectfully submitted,
